Risk Warning: Smart Contracts and Digital Assets

Trading with smart contracts, decentralized protocols, and digital assets carries a high level of risk due to extreme market volatility, the technical complexity of blockchain architecture, and the irreversible nature of transactions, which can result in the total loss of deposited funds. You also accept that, as there are no intermediaries or central authorities, you are solely responsible for the security of your private keys and the decisions you make; therefore, it is imperative that you fully understand the technological risks.

Last updated: [October 2025] 1. Data Controller Inverza Smart (hereinafter, "the Platform", "Inverza Smart" or "we") is an international technological and educational platform that provides digital infrastructure based on blockchain technology, smart contracts and oracle systems, intended to facilitate access to synthetic financial instruments and related educational content.

2. Scope of the Privacy Notice

This Privacy Notice briefly describes how Inverza Smart collects, uses, protects, and manages the personal data of Users who access, register for, or use the Platform. This Notice applies to all Users, regardless of their country of residence, provided that their use of the Platform complies with the legal frameworks, general compliance principles, and standards applicable in their jurisdiction.

3. Personal Data Processed

Inverza Smart may process, as applicable, the following categories of data: Identification data: name, identity document, date of birth. Contact data: email address, telephone number, address. Verification and compliance data: information required for identification processes, prevention of money laundering and terrorist financing (KYC/AML/CFT). Technology data: blockchain addresses, cryptographic identifiers, logs of interaction with Smart Contracts. Usage data: access, activity within the Platform, and operating preferences.

.

4. Purposes of the Processing

Personal data will be used solely for:

- Manage user registration and account. Verify user identity and eligibility. Comply with
- regulatory frameworks, compliance standards, and general requirements applicable to the
- operation of the Platform.

- . To allow access to and use of the technological infrastructure. To execute,
- . record, and audit operations performed through smart contracts. To prevent
- . fraud, unauthorized access, and illegal activities. To improve the security,
- . stability, and operation of the platform. To comply with requests from competent
- . authorities.
- .

The information and services offered by Inverza Smart, including those of an educational, informational, or guidance nature, are general in scope and do not constitute mandatory personalized advice. Any guidance provided is offered within an informational and technological framework, and the User is empowered to evaluate and decide independently on its use.

5. Basis of Lawfulness

Data processing is based on:

- . The User's consent. The performance of the contractual relationship. Compliance
- . with legal and regulatory obligations. The Platform's legitimate interest in
- . maintaining a safe and reliable environment.
- .

6. Information Preservation

Personal data will be retained only for as long as necessary to fulfill the purposes described and applicable legal obligations. Once the contractual relationship has ended, the data may be stored in a blocked state in accordance with the corresponding legal timeframes.

7. Transfers and Communications

Inverza Smart may share personal data only when necessary with:

- . Technology and identity verification providers. Digital
- . security and infrastructure providers. Administrative,
- . judicial, or regulatory authorities. The Platform does not
- . sell or trade personal data.

8. Information Security

Inverza Smart implements reasonable technical and organizational security measures to protect personal data, including encryption, access control, activity monitoring, and incident management. However, the User acknowledges that no technological system is completely infallible.

9. Data Processing in Blockchain

The User acknowledges that certain information may be permanently and immutably recorded on blockchain networks as part of the operation of Smart Contracts. Such records cannot be modified or deleted once confirmed.

10. User Rights

The User may request, in accordance with the general principles of data protection and good privacy practices:

- Access to your personal data. Rectification of inaccurate information.
- Erasure or restriction of processing, where legally applicable. Withdrawal of
- consent.
-

Applications must be made through the official channels enabled by the Platform.

11. Modifications

Inverza Smart may update this Privacy Notice at any time. The current version will be available on the Platform. Continued use of the services implies acceptance of these modifications.

12. Acceptance Registration and use of the Platform constitutes express acceptance of this Privacy Notice.
